MEMO FOR RECORD:

SUBJECT: Documents for R-W

25X1A

1. On 15 August 1955 I visited [REDACTED] 1305 M Bldg., to discuss possible methods of speeding up document delivery for R-W. He explained what efforts had been made to date and suggested that possibly microfilming would be the easiest and quickest way to get all the documents. He said he would see if the library could take this unusually large job and called later to say that they are now proceeding with microfilming all the second, third and fourth orders. The first order will remain in the hands of Dayton, at least until we see how complete is their first delivery which we expect this week. There may be some delay on a few documents, whose circulation is controlled by the originating agency, which means our liaison people will have to request them through channels. However, everything that is in the Library of Congress we should be able to get in about two weeks.

2. Hence, our present position is as follows:

<u>Order No.</u>	<u>Date</u>	<u>Source</u>	<u>Amount</u>	<u>Procured</u>	<u>Undelivered</u>
1	5 Jul 55	Dayton	162	3 (hard copies)	161
2	20 Jul 55	OCD	113	2 (hard copies)	111
3	11 Aug 55	OCD	26	15 (microfilm)	11
4	15 Aug 55	OCD	42	0	42

(Orders 3 and 4 were given to OCD on arrival. Order 2 was given to OCD on 15 Aug. 55)

3. [REDACTED] will call me as soon as the microfilm is made or documents of Order 1 arrive from Dayton. From here it can be sent immediately air mail, registered to R-W.
